The screenshot shows a management interface for Moe's. At the top left is the Moe's logo with the word 'WELCOME' above it. A navigation bar contains 'Dashboard', 'Reports', and 'Admin' (highlighted in red). The main heading is 'Set Permissions' with a dropdown menu set to 'Moe's' and a search box labeled 'Find a location...'. Below this is a table of permissions for 'Editing Matthew Zufall'. The table has 14 columns: Manager's Dashboard, Manage Content, Manage Resources, Give Credit, Set Permissions, Move Employee, Proctor Exams, Proctor Checklists, Delete History, Extend Days, Reporting, Delete Employee, Notification, Consolidate Employee, Deactivate Employee, and Show All Exams. The 'Set Permissions' column is checked. Below the table is an 'Admins' section with a dropdown for 'Moe's'. Under 'Moe's', there are several categories: Monitoring G..., Training, Atlanta Manage..., Deactivated St..., Moe's Internat..., Test Stores, Corporate Resta..., Scott Shotter, and Brandon Weeks. Under 'Brandon Weeks', there are three rows of location data: '123 - Atlanta, ...', '125 - Norcross, ...', and '342 - Roswell'. Each row has five grey circular indicators in the columns corresponding to the permissions listed in the table above.

Leader's Guides in Resources

Linebacker Junior Trainer Checklist

Goal

The new crew member should be able to successfully teach back all items from the checklist below. Please make sure each item on the checklist is thoroughly reviewed and all bullet points are mastered before moving on to Linebacker.

As the Rock Star Trainer during Linebacker Junior training you will:

- Work side by side with the NCM the entire shift
- Have the NCM correctly identify what needs to be restocked
- Have the NCM just focused on chicken, steak, and fish (if applicable)
- Constantly ask questions to ensure appropriate transfer of knowledge (i.e.
